

Barry Biggers
Gulf Coast Area Manager
PREMO Group, Inc. & Earth Consulting Group

110 Weisenberger Road
Madison, MS 39130
601-853-2134 (28)
bbiggers@earthcon.net

Mr. Biggers has over 27 years of experience in the financial and administrative areas within the environmental consulting industry. He has supervised and managed all aspects of accounting, human resources, payroll, and other related departments. He has been responsible for negotiating long-term debt and maintaining and developing financial relationships with a variety of lending institutions over the years.

In addition to these day-to-day operating concerns, Mr. Biggers has also researched and chosen different project cost and accounting software and played the lead roll in the ultimate implementation of these programs. These software packages have played integral roles in the management of a variety of project types enhancing the companies' capabilities to plan, meet, and exceed long-term financial objectives. As the Gulf Coast Area Manager for PREMO, Mr. Biggers is responsible for the management of PREMO field operations in Mississippi and Louisiana.

Mr. Biggers has a BS in Accounting from Mississippi College in 1982 and subsequently earned his Certified Public Accounting certificate from the Mississippi Board of Public Accountancy. He has been working in the Jackson, Mississippi area for the majority of his professional career.
